

VOLUNTEER NOW

Is it time to give something back to the community in which you live and practice?

Would you like to put on a Carevan T-shirt and join a group of dental professionals committed to reducing the decay rate of children in our community?

If the answer is **YES** contact:

Cathryn Carboon

Sun Smiles Program Manager

The Carevan Foundation Sun Smiles Program. Giving kids a brighter smile!

The Sun Smiles program was launched in Victoria in 2012. The free program delivers oral health promotion with engaging oral health puppets, has a focus on nutrition and provides free dental screenings and fluoride varnish treatments within public primary schools. Each child receives a Colgate toothbrush and toothpaste. A dental referral pathway is established for children that need follow-up dental care.

Over 1,300 socially and economically disadvantaged primary school children participate in the Sun Smiles programs in Albury and Western Sydney, NSW. We need the support of dental hygienists, oral health therapists, dental therapists, dentists and dental assistants to continue the success of our program.

The Carevan Foundation is a not-for-profit organisation established by Dr John Brabant in 2009 to help people in need in rural, remote and regional Australia.
